

Library News

Parents - The selections in this Library News have been chosen to help you in evangelising and discipling your immediate mission field - your children.

God's Names is a mini-primer on the character of God as revealed by His names. It is meant to be an interactive dialogue between adult and child as you discover God's character together. It is also intended to serve as a springboard for trusting God in everyday experiences as truth is applied in real life.

Big Truths for Young Hearts was previously featured in the April Library News. It is a rich collection of truths that come straight from Scripture and answer questions about who God is, his work in the world and the hope we can have through a relationship with Christ. Each of the 60 readings are short and will help every parent disciple their children to know their God.

Bearing Fruit and Taking Root The stories in both books are based on true happenings, gleaned from a variety of sources, and rewritten for contemporary readers. The author, Diana Kleyn, is a mother of three children and has a heart for helping children understand and embrace the truths of God's Word.

The stories are quite short and could easily be read and talked about together around the meal table.

Genesis and Numbers

Each book is a commentary for Children. "Bible commentaries for Children? Yes, Bible commentaries for parents to read to their children. This series of books provides what children need - solid truths to grow in to. Too much material for children is so light and fluffy that children are not encouraged to think great and glorious thoughts about God. These books are different I guarantee that your children will not want you to stop reading them and you won't want to stop either."
